Came to my place, S.W. quarter, sec. 12-43-25, Red Heifer Yearling. No brand visible.
S. B. LUCAS.

## WILD ROSE CREAMERY REPORT.

The second annual meeting of Wild Rose Creamery patrons was held on Monday afternoon. On account of bad roads, only a small number of farmers put in an appearance in the afternoon.

In the evening Mr Brodie gave a dance in the C.O.F. hall, the attendance of patrons and friends being large, and with good music a splendid time was spent.

The local creamery has done remarkably well, and when it is stated that the sum of $18549.03 was distributed in this immediate neighborhood from butter alone, surely the faint hearted will take cheer.

This winter the output has not been quite so good as last but that could not be expected; however, during the past week or so cream has been coming in satisfactorily, and should the weather continue in its best behaviour, the creamery will be kept in constant operation. It is pleasing to note the harmony prevailing between Mr Brodie and his patrons, not the slightest trace of discontentment being discernible.

Following is a report of the year's workings:—

| | | | |
|---|---|---|---|
| Jan. | 1480 | at 20c, | $ 296.00 |
| Feb. | 1900 | " | 380.00 |
| March | 3380 | " | 676.00 |
| April | 7820 | " | 1564.00 |
| May | 11281 | at 15-20c | 1932.65 |
| June | 20624 | at 20c, | 3093.60 |
| July | 22770 | " | 3400.50 |
| August | 21922 | " | 3288 30 |
| Sept. | 12230 | " | 1834.50 |
| Oct. | 8488 | at 17c, | 1442.96 |
| Nov. | 2114 | 18c, | 380.52 |
| Dec. | 1300 | 20c, | 260.00 |
| Total. | 115209 lbs. | | $18549.03 |

Average price, 16 1-10c per lb.

## OF INTEREST TO HOMESTEADERS.

The following communication has been received by C. C. Reed, sub-agent Dominion Lands:—

"Sir:—

"Owing to weather conditions and scarcity of fuel it has been decided by the Hon. Frank Oliver that homesteaders throughout the Red Deer district are relived from residence duties, without fortietude of entries until the 1st, of May next, also until further notice timber on all government Lands within the Lacombe and Stettler Agencies, may be cut for immediate use as fuel, or for sale for immediate use, without permits or dues. Post notices and have announcement appear in local paper.

### WANTED.

6 Workers, Men or Maidens. For particulars apply J. P. Vincent, one mile north of Ponoka. There is good wages, $20 a month, or one dollar a day.

### LOST

## JAPAN AND THE SCHOOL QUESTION.

The view taken in Tokio, of the American Japanese situation, arising from the San Francisco school incident, is illustrated by the following official statement which was issued last week: "Since the talk of war was first transmitted from America, we have carefully watched the development of feeling here There has not been the slightest excitement anywhere in the country."

The statement concludes with the words: "The talk of war is completely ignored here, and implicit confidence is reposed in President Roosevelt and his government. The ebullitions of the anti-Japanese press of America are powerless to shake Japan's cordiality towards the United States."

## A POSTAL SURPLUS.

Postmaster General Mulock on Friday announced a surplus of $800,000. He announced that he would inaugurate a policy of liberal extension of postal facilities especially in the western country where every effort would be made to meet the needs of expansion.

## GERMAN ELECTIONS

The re-ballotting in the Reichstag elections, which occurred throughout the empire to-day, emphasized the government victory of January 25. There were heavy losses in Socialist circles, while the clericals more than held their own. The Socialists now return to the reichstag shorn of nearly half their strength. A tabulation prepared by the Lokal Anzieger, with three districts still to be heard from, gives the Socialists 42 seats in the new reichstag against 79 seats in the old body. The Socialists have returned only eight members from Saxony as against 23 members in 1903.

The government now counts upon 187 to 201 members of the reichstag to suport the colonial policy upon which the house was dissolved. The present position of the parties are as follows: Centre, 100; Conservatives, 80; Agrarian Anti-Semitic group, 29; National Liberals, 55; Radicals group, 46; Socialists, 43, Poles, 20; Alsace Lorrainers, 7 Independents, 10; Guelph party, 1; Danish party 1; The defeat of the Socialists in the Kingdom of Saxony, where they lost 13; seats, caused astonishment.

## THE C.P.R GOING WEST FROM WETASKIWAN.

C.P.R. entrance agreement with Edmonton is still hung up, but it appears that the visit of Vice-President Whyte has resulted in the city commissioners and the railway arriving at a basis for a proposal to be submitted to the council. Nothing further than this can be learned from the city executive.

Vice-president Whyte, C.P.R. Solicitor Aikins, R. R. Jamieson and N. W. E. Brooks held a conference with the government regarding certain matters in connection with the C.P.R. lines and prospects in Alberta.

It is surmised that the assistance the provincial government would be willing to contribute to the traffic feature of the high level railway bridge, which will connect Edmonton with Strathcona, was discussed, and the conference had also reference to the railway taxation.

There is a rumor that the C.P.R. in looking for provincial recognition for an extension of the Wetaskiwin branch westward to Jasper pass, but this cannot be confirmed

The vice-president and party left on Saturday evening for Calgary.

The people of Strathcona were promised that a new railway station. and terminal work shops would be commenced in the early spring.

**The Public is Often Faked.**

Unscupuleus dealers actuated by large profits often recommend corn cures as good as Putnam's" There is only one genuine Corn Extractor and that is Putman's Painless which is a miracle of efficiency and promptness. Use no other.

## EMIGRATIOM BOOM

At the meeting of the Charltom board of guardians, London, Eng. it was stated that the reports from Canada were so excellent that the majority of the board were more than ever in favor of emigration. The guardians have already sent a number of children to Canada, and the emigration boom is in full swing. At one time last week there were twenty-two people making enquiries at the Canadian emigration office and there have been so many callers at the office that it has been found necessary to considerably lengthen the counter accommodation.

## DIED FOR WANT OF A MATCH.

The lack of a match was the cause of the death of a young lady who was spending the winter on her claim near Minot N.D. It appears that a party of hunters came upon a lonely cabin. There were no signs of life around, but when they tried the door it yielded to their pressure and they entered were horrified to find the dead body of a young women huddled near the stove. They were at a loss to discover the reason of her death at first as there was plenty of fuel, provisions of every kind in abundance, and the wood was placed in the stove all ready for the touch of fire. An investigation revealed the fact that there was not a single match in the building. The girl's home was at Grafton and she had been alone all winter against the wishes of her family, who were afraid of the calamity that overtook her.

## GIFT OF $32,000,000 BY ROCKEFELLER.

Thirty two million dollars worth of income-bearing securities is given by John D. Rockefeller to the general education board. When it assembled for a special meeting in this city yesterday the benefaction was announced by Mr Rockefeller's son, John D. Rockefeller, Jr. The donation is for general education throughout the country. It is the largest single benefaction for such purposes ever known. Mr. Rockefeller had previously given the board $11,000,000 for the same work. His contributions now amount, therefore, to $43,000,000.

It is stated in Washington that the California Japanese school question can be settled without further friction.

**NOTICE TO ADVERTISERS.**

☞ To insure prompt insertion, either new advertisements or changes must be handed in not later than noon on Wednesday.

## ALBERTA POULTRY AND FAT STOCK ASSOCIATION.

The Alberta Poultry and Fat Stock Association will hold their fourth Annual Exhibition in Edmonton on March 6th, 7th, and 8th.

The executive Committee are now busily engaged completing details for the best exhibition they have yet held. These shows held annually by this Association are fast coming to the front and gaining in popularity as one of the leading exhibitions and conventions of their kind in the Western Provinces, and this year, with the substantial assistance of the Department of Agriculture, (who are taking an active interest in the poultry industry throughout the Province in a very practical manner) believe they are in a better position than ever to give to the public both locally, and to those at a distance, having entries to make, the best possible service and satisfaction.

Mr. A. W. Foley, poultry expert, late of Bowmanville, Ontario, but now of Edmonton, and connected with the Department of Agriculture, will be present and give addresses at each session of the convention on poultry subjects. He has prepared a series of lime light views which illustrate different branches of the work in a most interesting manner. Mr. Foley is probably the most practical poultry man in Western Canada to-day, is a first class speaker, and no one should miss hearing him if engaged in the poultry business either as a fancier or commercially.

The officers of the Association would be pleased to meet poultry breeders and fanciers from all parts of the Province during the exhibition to elect officers and appoint committees at various points, in order that the work may be more easily and satisfactorily distributed in the future.

The usual reduced rates on exhibition stock will be granted by the railway, and it is hoped that a large entry will be made by outside breeders. Every precaution will be taken to guard against climatic exposure, &c. both en route and at Edmonton.

Reduced passenger rates on the railways are being secured and will be announced later, or made known on application to the Secretary as soon as rate is decided upon.

The first Provincial Seed Fair under the auspices of the department of Agriculture, and assisted by the Seed Branch of the Dominion Department of Agriculture, Calgary will be held on the same dates and in the same building at Edmonton. Admission to both fairs will be free.

A copy of price list and entry form will be mailed on request of intending exhibitors by the Secretary-Treasurer, W. A. Fife, P.O. Box 213, Edmonton.

## OUR HAPPY COMMUNITY.

After all is said and done, Alberta has stood true to herself the past week. Overcoats discarded, storekeepers, their doors wide open, moving about in their shirt sleeves, and that gentle breeze, accompanied by the sun's warm rays, has almost obliterated the past two month's experiences. It's a pleasure to see our community so happy and contented, all with a special move on; all predicting early spring, early sowing, early returns for their labor, and early retirement with their fortunes made! But just, as if to be odd, there has been one discord sounded in our ears. "Glorious weather!" "Yes, but darn me, if this keeps up the snow will be all gone, and I have lots of fuel to draw to town yet." So let us get a hustle on, for spring is at hand.

## OUR POSTAL SERVICE.

### Signs of Improvement in Rural Service.

This week an advertisement appears calling for tenders for the conveyance of H.M. mails between Bluff Centre and Ponoka (west), and between Ferry Point and Ponoka (east). It is hoped tenders for the same will be forthcoming in good time, and that the mail service to those points will be inaugurated at the earliest possible date.

Ponoka and districts surrounding have never been properly supplied, and complaints have been laid innumerable. Often settlers, who live within from twenty to thirty miles due east and west of town, or within what is properly claimed Ponoka's jurisdiction, have to wait for over a week before they get their mail, through it having been sent out from neighboring towns, and thus being carried twice the distance, with innumerable delays.

The other day a communication was received from the superintendent of the railway mail service, Winnipeg, anent the complaints, and it is pleasing to report that matters are being looked into at head quarters, and we feel confident that in the near future our merchants and settlers will look upon the defecti e mail routes as a grievance of the past.

Secretary of the War Taft, after a consultation with President Roosevelt, has cabled Governor Magoon authority to suspend the execution of the decree providing for an increase from six to twelve thousand to the rural guards of Cuba.

**They Give Wonderfull Health.**

None are so healthy, so buoyant and full of life as those who regulate with Dr. Hamilton's Pills. Even in one night they work wonders. For and coating they take from the tongue, headaches they relegate to the past, biliousness and stomach disorders they prevent and absolutely cure.

Think what it means to have the system cleansed and purified by Dr. Hamilton's Pills! A true laxative, a perfect tonic, harmless and wholly vegetable in composition, they will do you good. To feel and look your best use Dr. Hamilton's Pills, 25c at all dealers.

## MAIL CONTRACT.

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until Noon on Friday, the 22nd March, 1907, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, once per week each way, between BLUFF CENTRE and PONOKA, and twice per week each way between FERRY POINT and PONOKA, to commence at the pleasure of the Postmaster General.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of Bluff Centre, Bismark, Ponoka, Ferry Point, Meeting Creek, Ellensville, Doranlee, and Wood River, and at the office of the Post Office Inspector.

A. W. CAIRNS,
Post Office Inspector.

Post Office Inspector's Office,
Calgary, February 8th, 1907.

## DEATH OF A PIONEER.

Word was brought to town early Wednesday morning that Mr S B. Lucas had died a few hours previous with startling suddenness. He has not been in robust health for some time, but was able to attend business, and was in town the first of the week.

Mr Lucas was well known here, being about the oldest residenter in this neighborhood. The funeral took place at the home on Thursday. Mrs Lucas and family have the sympathy of all.

John Duncan a well known rancher of Maple Creek, was married Monday and later started for his ranch on Skull creek, accompanied by his bride. Their team wandered from the trail in the blinding storm which followed, and they were found yesterday almost dead. They are now in the hospital here, and Duncan's feet will have to be amputated. Many reports of people perishing in the storm are being received here.

Word was received in Winnipeg from a merchant at Alameda that a German settler's wife and five children were found frozen to death eight days ago in their farm house, twenty miles north of Bienfait. The farmer had gone into the village to get fuel. There was no difficulty in securing the fuel there, but he went to Estevan where he became the worse of liquor and on arriving home three days later discovered that every member of his family had perished during his absence, being without fuel.

## Paskewitz's Sale

Having decided to quit farming, I will offer for sale on my farm, eight miles north of Ponoka,

**ON MONDAY, FEB. 25th**

at 10 o'clock a.m., the following property, to wit:—

# Local News.

JOTTINGS OF TOWN AND DISTRICT

What's wrong with Alberta.

Denny O'Donnell, of Edmonton, was in town this week.

L. B. Matusch has taken a homestead near Hardisty, N.E. of 10-42-8.

Jack A. Kerr, of Wetaskiwin, was in town the end of last week giving his friends a round up.

A gent.'s watch, found in town last week, can be had on the owner applying at this office.

Ed. Hinkley has purchased Henry Maloy's quarter-section, on Wolf Creek, at a handsome figure.

The good weather has had an excellent effect on the trade at the elevator, and during the week a brisk trade has been done.

Geo. Slightholm, representing Bulman Brothers, of Winnipeg, was in town this week looking up orders for calanders for 1908.

Geo. Paskewtz is to have a sale on Monday, Febrnary 25, particulars of which can be seen in our advertising columns or posters.

O. Petterson, of Yellow Medicine Co., Minesota, arrived in town the other day, and has gone out to the Blindman with the intention of filing on a homestead.

Wm Shultz, of Watertown, N.Y., who has been on a visit to his sister, Mrs F. McBrien, left on Monday to take up a position in Edmonton.

F. M. Lee has become the possessor of a splendid silver grey fox skin, caught by an Indian west of Calgary. By those able to judge, they declare it to be very valuable.

Mrs Clyde Fuller, who has been visiting with friends here during the past few months, left Monday for her home in Mechigan, very much improved in health.

Wm. Patterson is having his property on Railway Street, recently the bowling alley, converted into store premises. The interior has been altered, and a large window placed in the front of the building.

Mr and Mrs Jas. Dick had a happy family reunion Friday, it being the anniversary of their wedding (the fifty-first). Their whole family was present, and with their children a large company gathered round the old folks.

R. H. Fairley left on Monday to open business for himself in Innisfail. During his three years' residence here he has ever been to the front in musical and social circles, and his services were always unstintingly given. In the athletic field his presence will be missed, our local football team losing one of its most prominent members. He has hosts of friends around here, who wish him all manner of good luck, and for a man of his ability he can look to the future with confidence.

F. J. Wilson, of Whitebrush, has filed on the N.W. of 30-42-22.

Mrs F. W. Tracy had a visit from her mother, Mrs W. Bernard, of Strathcona, last week.

The public school was closed on Wednesday — Ash Wednesday. Good Friday falls on March 29.

Rev. K. C. McLeod attended a Presbytern meeting in Olds on Tuesday.

Mr and Mrs Arley Hinkley, of of Edmonton, spent a few days in our neighborhood, visiting with Mr and Mrs L. Fleming this week.

The funeral of Edward Ferdinand and his wife and three small children, who met their death in Calgary by coal gas asphyxiation, was held in Berlin, Ont., on the 3rd, and was the biggest funeral Berlin has seen for years.

Mr Clark, who has charge of the Methodist Mission at Morningside, and who was reported to be suffering from pneumonia last week, is not making very fast progress toward recovery. We hope he will soon be able to undertake his duties, fully restored to health.

The 20th century, with its boast of society refinement and religious piety. Yet, how many men and women—especially women! are gloating over the disgusting details of the Thaw case, which is being sifted in New York at the present time? Human nature: what is it?

The following statement was given out at the White House Monday. "The president has communisated with the postmaster general to know whether it is feasible to bar from the mails the papers that give the full disgusting particulars of the Thaw case. He does not know whether it is feasible, but if it is he wishes it done."

Many of our readers will regret to learn of the very serious illness of of C. D. Algar. Mr Algar has not been in the best of health for some time back, but was able to attend business until Saturday, when he became suddenly ill. As we go to press there is no improvement in his condition, but with the best of care and attention that can be given, it will be the sincere wish of his friends, far and near, that he may soon be convalescent.

**Catarrh Cannot be Cured**

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists price 75c Take Hall's Family Pills for constipation.

Born, on Friday, the 8th, to Mr and Mrs A. D. Crawford, a son.

Miss Fairley left for Innisfail on Wednesday.

W. N. Shafft has been engaged to cry R. M. Whitecatten's sale, four miles north of Lacombe, on Monday the 18th.

The Hotel Leland has undergone some internal remodelling this week, more especially in the bar room.

Mrs Frank Allen, who has been residing in town for the past two months, returned to her home in Chesterwold, the end of last week.

Before Justice Phillips, on Wednesday, Fred Drover was sent to the Fort for three months, having supplied drink to an Indian. The Indian was fined $5 and costs.

Jeanetta Fairley, Gertie McDonald, Karl Brodie and Archie McGillivray, music pupils of Miss Stretch, gave a piano recital at the home of Mrs Fairley, Saturday afternoon.

Mrs Geo. Bowker has just received the sad news of the death of her brother, Ernest Pritchard, which took place at his home, Harriston, Ontario, on the 13th inst. Mr Pritchard was in his 31st year, and leaves a wife and one son.

A movement is on foot to have gasoline lamps erected in the most prominent parts of the town That is a step in the right direction, and hould the town council, after strict enquiry, feel satisfied that the lamp has stability, they will have the citizens behind them in making a move next fall in that direction. Half a dozen good lights on the street corners would prove must acceptable.

Attention is drawn to details of the very important sale which is to be held near Lacombe on Friday the 22nd. Dr Findlater, a well-known breeder of shorthorn stock, having sold his farm, is obliged to dispose of his stock, implements and household goods. We commend farmers in this district who may be interested in high class stock to make a point of being present.

On Thursday morning of last week, about two o'clock, the roof of the Red Deer Skating rink fell bodily to the ground. The roof covered a large span, and owing to the weight of snow and the sudden thaw the strain was more than the supports could stand. It was fortunate the accident occurred during the night, as a sad loss of life would have occurred had it happened a few hours earlier.

Get your shoes repaired by F. G. Brown in Madsen's old stand, Chipman Avenue.

Chas. and Henry Simons were in from the Blindman doing some trading on Monday.

Constable Ensor, R.N.W.M.P., left on Tuesday to take a special course of instruction in Regina, prior to his being promoted. Mr Ensor is recognized as one of the most efficient officers in the force, and promotion is sure to come rapidly. During his stay here, by the manner in which he performed his duties, the citizens held him in high esteem. Constable Phillips, from Fort Saskatchewan, takes his place.

A letter has been received from A. Cole, who is living in Armstrong, B.C., giving an account of the weather conditions there. He states that they have about three feet of snow, and that it went as low as 44 on Saturday, February 2, and that the place is not such a paradise as it is cracked up to be. Great tales are being given out regarding Alberta, of people having frozen to death, and that cattle are dying by the thousand. Our readers can judge for themselves as to the truth of such a statement.

The death took place on Wednesday evening, February 6, of Riva, the youngest daughter of Mr and Mrs Scofield, of Arbor Park. The little one—two years old—had been unwell for some time, but not considered serious, till shortly before her death, she having succombed to an attack of membranous croup. The funeral took place on Friday, Rev. Mr Dalgliesh conducting a short service at the home, and at which many of the neighbors were present. Mr and Mrs Scofield have the sympathy of the neighborhood in their bereavement.

## Correspondence.

### Lamerton

The people of this community are now wearing a broader smile—on account of the change in the weather.

Mrs George Williams has been critically ill for the past week, but at present is slowly improving.

Minnie Edge entertained a number of friends Saturday evening, Feb. 2nd. Games and recitations were the main feature of the evening, after which Mrs Neis served one of her bounteous suppers. At midnight all left for their various homes, having spent an evening long to be remembered.

There has been no services in Methodist church for the past few Sundays on account of the cold weather.

During the cold weather A. J. Ray had the misfortune to lose his Jack, Billy Dyke.

Mr Kidd, of Erskine, was in Lamerton a few days last week on business.

H. Hoff has taken the place of Milton Jarvis as bar-tender at the Grandview hotel.

Bonnie Ray came home Thursday from Stettler for a couple of weeks' visit with the home folks, after which she will resume her position as book-keeper in the McGillivray furniture store.

### Chesterwold.

Feb. 6, 1907.

Arnold Prenett started for his old home in West Indies, last week.

Hugh Miller butchered three young steers the other day, which dressed over seven hundred each. Rowley's camp got two of them, and S. Dorran one. They brought him about thirty-eight dollars each

Frank Allen sold his farm recently to Alfred Patterson, from South Dakota.

William Shumard had the misfortune to freeze his feet quite badly, but is some better now.

Ollie Unland went to Pigeon Lake to work in the lumber camp last week.

Mr Prenett and J. Rattery spent Sunday at home with their families, returned to their work at Pigeon Lake Monday.

Mr Turner has gone to Washington State on a visit to old friends.

Some of our good old S. Dakota people residing here would do well to compare this winter with 1887 and 1888, hard winters there, and think how much better we are here, with plenty fuel and the trains running daily. There is no comparison between those terrible times and now.

### Earlville.

Mr. Lorenz went to Ponoka last Friday to spend a few days. It is Mr. Lorenz's first time away from the place for four months

Mr. Listrom, who has been quite siek, is improvrng.

Ed. Stephens took his wife and children back to Ponoka Monday. He brought them out as the roads were to bad to draw wood in for them.

Eddy Scheirer was in Earlville last week, and bought a nice saddle.

Mr G. W. Biswanger received the sad news a few days ago of the death of his daughter, Mrs Colhoun of Carstars. We extend our sympathy to Mr and Mrs Biswanger and family.

William and Bennie Cottman left last Tuesday for Spokane, where their sister is now living.

Mrs T. Harris, is not well although she is around now.

The icemen are looking around for ice for the creamery. Lots of ice but no roads.

### ALBERTA WINTER.

The spruce trees dark and high,
Laden with purest white,
Against an amber sky,
Tower like plumes of majestic height.

The setting sun, in her crimson glory,
Smiles as she tells the same old story,
Of the lovers who wait for the rising moon
By which to sport to the skates gay tune.

This picturesque beauty for the artist's eye—
For nature does not stint her—
Is not a picture that you may buy,
Is our Alberta winter.

### FOR SALE.

The four quarter sections of 18-42-26, W. 4, are offered for private sale on defered payments to suit purchaser.

## THE HUDSON BAY ROUTE.

The use of the Hudson's Bay route to Europe can no longer be regarded as a mere visionary scheme. All of Canada's great railway systems are pushing their lines in the direction of ports on the shores of the bay. It will be reached from the south, the south-west and the west. The more important lines will run from west and the southwest from the wheat fields and the cattle ranges.

The rapid development of Canada's great Northwest within the last few years, and the assurance of an even more rapid development in the years to come, The Hudson's Bay route is opened for four or five months each year. It is shorter by from 700 to 1,000 miles than are the present routes between the wheat fields and the markets of Europe. It offers a saving in freight handling. Grain and cattle from Manitoba, Saskatchewan, or Alberta will require only one transfer on their way to Europe. The matter of distance and of general shipping convenience is best realized by reference to a map, where comparison may be made between the direct rail route from Winnipeg or Calgary or Edmonton to Fort Churchill or York Factory and the devious trail, lake and canall routes to Montreal, are practically 3,000 miles from Liverpool.

There is little doubt that within the next few years the Canadian Pacific, the Canadian Northern, the Grand Trunk Pacific and the Great Northern will all have terminals on Hudson's Bay. So in all probability will some of the smaller roads of eastern Canada have their terminals on James Bay, which forms a pocket at the southern end of the Hudson's Bay shore line.

This is a matter which is somewhat more than likely to have an important bearing on the interests of American producers and of American transportation lines.

## THE MAIL ORDER COMPETITION

Competition from retail mail order houses is becoming so strong that the local newspapers have taken up the campaign in protection of their home markets. One of them recently made the following comment on the situation:

"When the catalogue comes from mail order house, draw an easy chair to the table where the light will shine full upon the page, and put on your glasses that no bargain may escape your eye. What a wonderful book it is, to be sure Wonderful for what it does not contain as well as what it does. You will miss some things you would be glad to see. Where is their offer to pay cash or exchange goods for your wheat, oates, corn, beans, butter, eggs, and hay? How much do they pay for cattle, sheep and hogs, f.o.b. at your depot? How much tax will they pay to support your schools and educate your children—for improving roads and bridges; the support of the poor of the country; for the expense of running a business of the township, country and state? On what page is their offer to contribute money to the church? What line of credit will they extend to you when your crops are poor and money gone—When through illness or misfortune, you are not able to send 'cash with orders' for your groceries, clothing farm tools and crockery?"

### TO BE SOLD.

At the residence of Geo. A. Wells, White Bush, on March 2nd, one Grey Gelding, aged 5 years, branded J g on left shoulder, Advertised in Sept., Oct., and Nov. official Gazettes. No Owner.

### FEED BARN.

I have opened a Feed Barn in the Henry Meyer Barn, opposite the old Canfield Mill. Prices as follows:—Team to hay, 15c; over night, 35c; single horse, 10c; over night, 20c; stock by week, $1.25 Give us a call.

W. E. GRAHAM, Proprietor.

### STRAY.

Dark Bay Mare, about five years old, weight about 900 lbs. Scar on right front foot. Came to my place about December 15. Owner, on paying expenses, can have the same.

W. R. HEADLEY, Sec. 18 43 23, Climax.

### MONEY! MONEY!

I wish to announce to my friends and the public in general that I will leave for New York on Dec. 10. to be gone till February 10. All those who want to borrow money on improved or unimproved land, or want to make sale arrangements, please consult T. W. Hutchinson, or for sale dates the Herald. I have placed several thousand dollars during the past two weeks, but still have plenty left. Also have made arrangements for several sales after I return for February and March. My terms are liberal and satisfaction guaranteed.

W. N. SHAFFT.

## OTTAWA SUMMER CARNIVAL 1907.

Active preparations are under way for a monster Summer Carnival of Sport, and Old Boys' Reunion in the Canadian Capital next July.

The dates arranged are from Saturday, July 27th, to Monday, August 5th, both inclusive; and a programme is being drafted which promises to include every known kind of sport and entertainment both on land and water. Strong committees, composed of the leading citizens of the Capital, are busy working out details, and it is guaranteed that there will rot be a dull moment, day or night, for the entire ten days. Already Ottawans are going to bed early so that, when the Carnival time comes, they will be ready to stay up night and day to care for their guess, of at least 100,000 are expected.

The General Executive is particularly anxious to hear of and from every old Ottawan (native or otherwise), who is now away from the old home, so that full information and a personal invitation to attend may be sent to him or her. Names and addresses fordward to R. Patching, Carnival Secretary, City Hall, Ottawa will be registered and promptly communicated with.

### Jumping with Nerve Pain.

That's how you feel with neuralgia. But why lie awake at night, grumble or complain—get busy with a bottle of Nerviline. It does act like magic, seeks out the pain and destroys it. Harmless and certain, instant in effect, nothing is so popular as Nerviline for aches and pains of all kinds. Try it for lumbago test it in rheumatism, prove it in neuralgia, pleurisy or colds. You'll soon acknowledge that Polson's Nerviline beats them all. Sold everywhere in large 25c bottles.

### LAND FOR SALE.

I will sell (on easy terms) quarter section good open land, seven miles east of town. Parties can have use of half section adjoining, with good buildings and good pasture; abundance of hay.

HENRY DICK, Eastside.

## Synopsis of Canadian North-west HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY.
Deputy of the Minister of the Interior.

C. I. SIMONS.

## Do You Weigh Enough?

Everyone of average intelligence knows something of the immense value of Cod Liver Oil and Iron as remedial agents. Consequently no one would be surprised to hear that very satisfactory results had followed from giving "FERROL" (a perfect emulsion of Cod Liver Oil, Iron and Phosphorus) in cases where Iron and Oil appeared to be needed.

But, when we ask people to believe that in an actual and scientific test made by an eminent and well-known physician, twenty-five bottles of

**FERROL**

were given to ten patients and the result was a net increase in weight of ninety-five pounds, we are aware that we are asking a great deal; nevertheless we are prepared to prove that this is an absolute fact, by evidence that no reasonable person can reject. Moreover, this is no isolated instance, but only one of many equally remarkable.

Very few people properly appreciate the importance of maintaining their normal weight.

There is no surer indication of approaching disease than a considerable loss of weight and even where this is not the case, a man whose weight is not up to the average is always in danger of contracting any of the germ diseases which are unfortunately so prevalent. On the other hand, while his weight is well maintained, a man is practically proof against attack, and if disease is already present, the fact that the weight is being increased is proof positive that the disease is being overcome.

The desirability of maintaining the weight should therefore be apparent. In view of this we can confidently recommend "FERROL" as the surest, speediest and most effective medicine by which the weight may be maintained or restored.
